Period 1: 8:30 – 9:30

Cool Crafts and Painting

Grades 4-8

Ms. McStay

This class we will explore the different paints and techniques. We will use our painting skills to apply to the crafts we make. Some of our themes will include dinosaur week, planet week and more. Others crafts include tie dye, canvas painting, rock painting, button art, and the favorite lava sensory bottle.

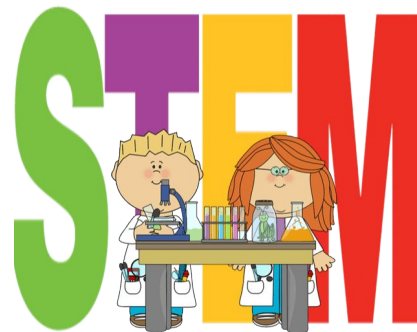

Full STEAM Ahead

Grades 2-5

Mr. Jadran

Get ready for a summer full of science, technology, art, engineering, and math! This summer, campers will learn about the engineering design process and use it to build and construct solutions to different design challenges, use the scientific method to investigate and conduct experiments, and get hands on with some awesome tech! This class is all about brainstorming, creating, and of course, having a blast!

Let's Get Moving!!!

Grades 1-3

Ms. Giordano

Stay active over the summer by participating in various team and cooperative games. Improve your physical health and teamwork skills while having fun! Team sports include: Soccer, Volleyball, Kickball, Wiffle Ball, and more!

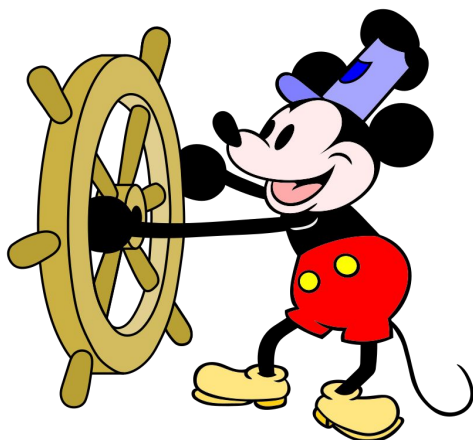

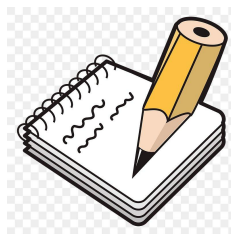

Period 1: 8:30 – 9:30

Future Authors

Grades 4-8

Ms. Ciccone

Let your creativity flow this summer by crafting and sharing original stories centered around weekly themes. Writers will create original works, taking inspiration from sources such as Disney movies, popular children's stories, and exciting themes elected by the group. Rewrite endings to your favorite tales, create your own stories, and tap into your poetic genius while supporting each other's creativity. Are you the next famous author?

Cooking Favorites

Grades 1-3

Ms. Calicchio

This class requires an additional \$35 supply fee

It's the ReMix! Ms. C is back and we are making everyone's favorites from the past three years. Our campers will love nothing more than these classic recipe favs! Every year, we start off our classes talking about our favorite dishes. Campers will enjoy a summer culmination of culinary delights that are everyone's favorites. Join us for a FOOD-TASTIC summer!

Disney Imagineers

Grades 1-4 Ms. Monetti

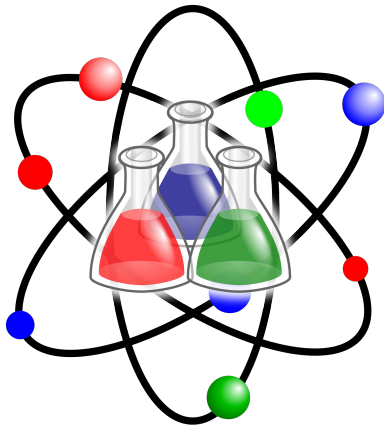

Camper will sing and dance to their heart's content while crafting their favorite Disney characters and movies. Encanto to Mary Poppins, Frozen, The Lion King, Moana, Beauty & the Beast, Little Mermaid and more! This popular, fast paced class will focus on crafting, singing, dancing, and movie fun! Disney here we come!

Period 1: 8:30 – 9:30

Weird Science Grades 1-3 Dr. Missaggia

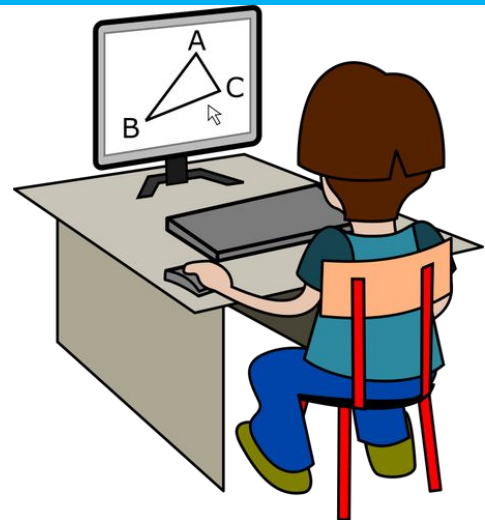

Bubble, bubble, toil and trouble! We will be putting our brains to the test while we scientifically explore, learn, and create.

Acting 101! Grades 1-2 Ms. Palestina

Using fairy tales, students will learn basic acting skills in a fun way. The children will read and act out the stories building their confidence, the children will learn public speaking, imagination and becoming confident in acting class. Children will learn how to tell a story and practice in small groups and support each other's creativity.

Crack the Code Grades 4-8 Ms. Raquel Pita

Ever want to learn how to crack ciphers or write hidden messages and solve complex challenges? If yes, then this is the class for you! We will focus on different types of ciphers and algorithmic challenges to problem solve. We will also learn coding through block programming to solve puzzles and create games. You will learn to think logically, solve problems, and learn the basics of coding.

Period 2: 9:45 – 10:45

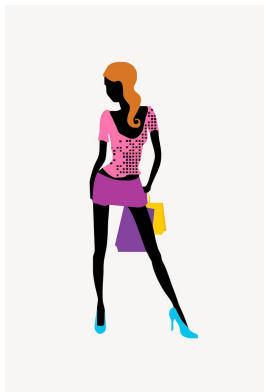

Dance Around the World

Grades 1-3

Ms. Monetti

Join us as we explore dances from different countries around the world! Students will work on coordination, balance, and the ability to memorize small routines all while learning about cultural dances from various countries.

Fashion Design

Grades 3-8

Ms. Ciccone

This summer, create your own original fashion line and build a brand that represents you. Research fashion houses, develop logos and signature looks, collaborate with your fellow fashion designers, and put together a lookbook ready for the SS24 runways! Students will make collages, draw their creations, and complete a “portfolio” to be presented at the end of the summer.

Grades 1-3

Dr. Missaggia

Bubble, bubble, toil and trouble! We will be putting our brains to the test while we scientifically explore, learn, and create.

Period 2: 9:45 – 10:45

Minecraft Engineering Grades 4-8

Mr. Jadran

Join us for a summer of gaming with a purpose! Over the 6 week class, campers will work in teams to build a virtual solution to a real world problem using Minecraft. Whether you are a Minecraft expert or new to gaming, this class is a great way to teach others and learn a few new tricks!

Cool Crafts and Painting

Grades 1-3

Ms. McStay

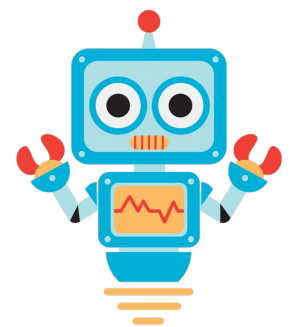

This class we will explore the different paints and techniques. We will use our painting skills to apply to the crafts we make. Some of our themes will include dinosaur week, planet week and more. Others crafts include tie dye, canvas painting, rock painting, button art, and the favorite lava sensory bottle.

Where in the World?

Grades 1-3

Mr. Brooks

In this class, campers will explore many concepts in geography often through games and projects. Campers will learn about and explore maps, flags, land formations, continents and countries, and states and cities. Projects will include map making and designing and creating a model city. Get your passports ready to travel the globe this summer.

Robotics

Grades 4-8

Ms. Raquel Pita

If you like Legos, building robots, and coding this class is for you! We will work together in teams to build robots out of Legos using Lego Spike kits. We will learn to use block programming to make our robots walk, dance, drive and hold things.

Period 3 – 11:00 – 12:00

Cooking Favorites

Grades 1-3 Ms. Calicchio

This class requires an additional \$35 supply fee

It's the ReMix! Ms. C is back and we are making everyone's favorites from the past three years. Our campers will love nothing more than these classic recipe favs! Period 3: 11:00 – 12:00

Dr. M's Medical School

Grades 4-8

Dr. Missaggia

Step into the shoes of a medical student to learn about the human body. Graduate to “doctor” and test your skills to see if your patients are healthy. Learn to take blood pressure readings, pulses, listen to heart and breathing sounds, test reflexes, dissections and much more. Learn to use equipment that doctors, nurses and first responders use everyday to save lives.

Acting 101!

Grades 1-2, Ms. Palestina

Using fairy tales, students will learn basic acting skills in a fun way. The children will read and act out the stories building their confidence, the children will learn public speaking, imagination and becoming confident in acting class. Children will learn how to tell a story and practice in small groups and support each other's creativity.

Fables and Fairy Tales

Grades 1-3 Mr. Brooks

Our young readers will examine some of children's literature's most classic and beloved tales. Through a unit called “Different Lands, Similar Stories” we will see how some of our most cherished fairy tales have been translated into similar stories in various cultures. Through another unit called “Wolves and Pigs” we will see how a simple classic tale can be expanded upon and altered into different variations. We will do projects based on the stories we read along the way. Campers will become literature kings and queens!

Minecraft *Grades 1-3*

Mr. Jadran

Join us for a summer of gaming with a purpose! Over the 6 week class, campers will work in teams to build a virtual solution to a real world problem using Minecraft. Whether you are a Minecraft expert or new to gaming, this class is a great way to teach others and learn a few new tricks!

Bracelets and Lanyards *Grades 3-8*

Ms. Monetti

A classic summer activity is making friendship bracelets and lanyards. Campers will learn how to make lanyards and bracelets using different designs and using a variety of materials.

Fun for all!

Future Authors *Grades 4-8*

Before and After care is available

Week 3:

Party in USA

Week 4:

Hawaii

Week 5:

Disney

Week 6:

Camp Olympics

Open to all 3
and 4 year olds

READY, SET, KINDERGARTEN!

READY, SET, Kindergarten!

Ready, Set, Kindergarten is a fun-filled summer prep class that helps students transition from a Pre-K setting to kindergarten. Throughout the weeks, we will be exploring, creating, and preparing for all the kindergarten tools we will need! This class is for students to think critically, use interconnected skills, and explore different concepts.

Week 1: Meet Marvelous Me! We can't wait to meet you! We will start off camp by introducing ourselves to each other. We will work on our names and what makes us special!

Week 2: ABC Boot Camp Introduction- ABC, come learn with me! ABC Boot Camp is a fun and creative way for students to learn and write their letters. We will start learning a letter a day!

Week 3: Number Boot Camp Introduction- ABC's and 123's! Number Boot Camp is another way students can learn and write their numbers. We will start learning numbers up to 20!

Week 4: Nursery Rhyme Week- Run and Fun with Nursery Rhymes! This week campers will start to learn some of kindergarten's favorite nursery rhymes!

Week 5: STEM Week- Get ready for STEM! This week, campers will engage in different STEM activities!

Week 6: Sail into Reading- Our last week of camp we will read different stories and talk about what makes each story special! Campers will create a craft that goes along with our story of the day!

Our goal this summer is to prepare your camper for an AMAZING 2024-2025 school year all while having fun!

AFTERNOON CAMP

Camp Creators 2024

Summer is a time for vacation and travel. Join us this summer as we “Travel the U.S.A.”. Each week will begin with a discussion of the week's itinerary. Passports will be used to track our travel plans. Campers will spend from 12-3pm everyday having BIG FUN at GSA - eating lunch, enjoying free play recess, creating weekly themed arts and crafts, and sampling weekly themed fun foods. **Campers will wear their swimsuits on Wacky Water Wednesdays and will engage in outdoor water activities.** Fridays will be **FRIYAYS!** and we will have a different camp wide weekly activity that goes along with our theme. So, let's get going as we embark on our summer adventure!

Visit GSANutley.org and select the Camp Creators Page for more information.
